The regional awards add to the more than 30 awards in Global Finance Magazine's 2018 World's Best Digital Bank Awards announced earlier in the year, reaffirming the bank's commitment to innovation and excellence in digital banking across its Corporate/ Institutional and Consumer Banking business.

In the magazine's World's Best Corporate/Institutional Digital Bank Awards, Citi was named Best Digital Bank in 16 markets - Australia, Bangladesh, China, Hong Kong, India, Indonesia, Japan, Malaysia, New Zealand, Pakistan, Philippines, South Korea, Sri Lanka, Taiwan, Thailand and Vietnam.

"Our strategy is to accelerate simplification using technology and innovation and introducing disruptive solutions across our core product pillars and making strategic investments to support our clients. In sub-category awards, Citi was recognized for Best in Mobile Banking and Best Information Security and Fraud Management in Asia Pacific.

Now in its 19th year, this is the first time that Global Finance's World's Digital Banks Awards program selected country winners in the Middle East across a broad range of subcategories including Best Mobile Banking App and Most Innovative Digital Bank.

In Bahrain, Citi won four sub-category awards including Best Online Deposit, Credit and Investment Product Offerings; Best in Mobile Banking; Best Information Security and Fraud Management and Most Innovative Digital Bank.

In the last year the Asia Pacific Consumer Banking franchise added more than 1 million new mobile clients. Mobile is now the most popular digital channel for Citi's clients, with more than one in three digitally active clients choosing mobile.
